R – Residential : Summer Village of Lakeview**

APPROVAL OF DEVELOPMENT PERMIT

You are hereby notified that your application for a development permit with regard to the following:

***CONSTRUCTION OF A DETACHED DWELLING (98.6 m²),
INSTALLATION OF A WATER SUPPLY AND SEPTIC SYSTEM***

has been **APPROVED** subject to the following conditions:

- 1- Approval of any plans or installation standards for an on-parcel sewage collection system by an approved Plumbing Inspector.
- 2- The on-site sewage disposal system shall comply with the Private Sewage Systems Standard of Practice - 2015 as adopted by legislation for use in the Province of Alberta.

3- WATER SUPPLY:

If by Cistern, the cistern shall be excavated and installed in conformance with the Safety Codes Act or as amended and all such other regulations which may apply to their construction;

- 4- If by Well, the Well shall be drilled in conformance with Alberta's Water Act (the Act) and Water (Ministerial) Regulations (the "Regulations") that regulate water well drilling activities in the Province of Alberta and / or certification provided by a professional engineer or certified hydrologist or certified plumbing inspector attesting an adequate flow of water of potable quality.

- 5- All municipal taxes must be paid.

- 6- Two (2) Off-Street parking spaces must be provided on site

- 7- The applicant display for no less than fourteen (14) days after the permit is issued, in a conspicuous place on the site or on streets abutting the site, the enclosed notice.

8- The applicant provide a certified copy of plan of subdivision to determine all easements and restrictive covenants on the parcel, and 8.5 X 11 copies of site plans of a quality satisfactory to the Development Officer.

9- The applicants are required to have a Real Property Report (RPR), prepared and signed by an Alberta Land Surveyor, and submitted to the Development Officer. The RPR is to be completed at foundation stage and prior to commencement of framing of the development, for evaluating the compliance of the development against all Land Use regulations relating to the building(s) that are the subject of this development permit application.

10- The applicant shall obtain and adhere to the requirements where applicable, from the appropriate authority, permits relating to demolition, building, electricity, plumbing and drainage, and all other permits required in connection with the proposed development.

11- The applicant shall be financially responsible during construction for any damage by the applicant, his servants, his suppliers, agents or contractors, to any public or private property.

Note: Access to the Lands from the East shall only occur during dry condition to minimize any damage to the walking trail.

12- The applicant shall prevent excess soil or debris from being spilled on public streets and lanes, and shall not place soil or any other material on adjacent properties without permission in writing from adjacent property owners.

13- The improvements take place in accordance with the plans and sketch submitted as part of the permit application, including:

- **Minimum Ground Floor Elevation must be above the 726.42 m (2383 ft) contour;**
- **Front Yard setback shall be a minimum of 6.0 metres;**
- **Side Yard setback shall comply with the requirements of the Alberta Building Code or be a minimum of 2.0 metres whichever is greater;**
- **Rear Yard setback shall be a minimum of 6.0 metres ; and**
- **Maximum Height shall be 9.0 metres (average grade to peak).**

Note: Please be reminded that where walls are located within 2.4 metres of the property line they shall be constructed as a fire separation of not less than 45 minutes. (Alberta Fire Code - Article 9.10.15.5).

14- All improvements shall be completed within twelve (12) months of the effective date of the permit.

15- Applicant is responsible for grading the site of the proposed development to the design lot grades and direction(s) of drainage and for ensuring that surface runoff water does not discharge from the site to an adjacent property.

- 16- The applicant is responsible for designing and constructing a building foundation drainage system adequate for the existing soil conditions.
- 17- The applicant is responsible for determining if there are any special considerations required for building foundation construction.
- 18- Positive grading must be provided to ensure drainage. A minimum gradient of two percent (and greater if possible) is recommended.**
- 19- The site and improvements thereon shall be maintained in a clean and tidy condition during construction, free from rubbish and debris. Receptacles for the purpose of disposing of rubbish and debris shall be provided to prevent scatter of debris and rubbish.
- 20- No person shall keep or permit to be kept in any part of a yard any excavation, storage or piling of materials required during the construction stage unless all necessary safety measures are undertaken. The owner of such materials or excavation must assume full responsibility to ensure the situation does not prevail any longer than reasonably necessary to complete a particular stage of construction.
